RE: Participation in Special Events

Putnam County Schools will be offering the attached list of special events this school year. Home schooled students are invited to compete for the opportunity to participate in any event that is within their grade level. Since participation is based on a selection process at each school, your child would first compete at the neighborhood public school.

If your child wishes to participate in any of these events, please complete and return the form to your neighborhood public school. This form is on the Putnam County Schools website also. Your area school will contact you regarding the rules of the events.
