

AP Sciences, Forensics, Physiology (Forensics, please see slides 18 and 19 of the PowerPoint.

1. ACCESS CODES: Access codes are located in a yellow pamphlet that accompanies the textbook entitled Keys to Unlocking. If teachers do not have an access code, they first need to go to: www.pearsonschool.com/access_request and request a code(s). This will provide both student and teacher codes. At this site, you will see a page
 - Click on Science
 - Initial Access
 - Option 3
 - Fill out the form and send

2. CREATE ACCOUNT: Once you have an access code, go to www.pearsonschool.com/access to create a teacher account.
 - At Enter Code, Teachers will enter SE for the code
 - Click Covered Titles
 - Click Science
 - Choose book title
 - Click Teacher Registration
 - Click I Accept
 - Say No to the Pearson Education Account
 - Create login Name, Password, Enter Access Code that you received in the yellow packet or from online.
 - Click Next
 - Fill out General Information (at the top of the first page, DO NOT ENTER A TITLE – IGNORE THIS, LEAVE AS OTHER)
 - You will be sent an email to log onto the Pearson My Lab and Mastering site.

3. CREATE A CLASS: Log into My Labs and Mastering, <http://www.pearsonmylabandmastering.com>.
 - Click on MyCourses on the left hand side create a course/class. This will allow you to create as many classes as needed.
 - You will be able to create a new course or copy a pre-built course. Pre-built will have assignments from the publisher already created within the chapters.
 - Once a course is created, you will receive a Course ID – jot this down to share with students. This also appears on the My Courses tab of this site. Students must have an email address, the course ID and their access code to register.
